

## CONCEALED VEHICLE MOUNT HOLSTER

Product # GCC-CVMH-LRG-BLK

Side pockets are for extra mags, a knife, flashlight or other accessories. Front pouch is for business cards, loose change, insurance cards, etc. Inside are foam inserts. You can add or remove these within the holster to adjust the ride height of your gun if needed.

### INSTALLATION

1. Remove the Velcro straps completely from Vehicle Mount. Do not discard them as you may want to use them again later.
2. Open up both Velcro straps on the backside of Concealed Holster.
3. Take your Vehicle Mount and place it label side down inside the open straps with the buckle in the center. **(Figure 1)**
4. Close top strap, starting with the double-sided hook Velcro end first, so that the bottom side of this strap adheres to the loop Velcro on the back of the Vehicle Mount.
5. Now bring over other end of strap and attach to itself. **(Figure 2)**
6. Repeat steps 4 and 5 for bottom strap.

Your concealment holster is now ready to be used. Please refer to Vehicle Handgun Mount instructions if needed for vehicle installation. Thank you for your business.
